# Standard Components of a Bank Loan Application

Informational Guide and Reference Document

## 1. Applicant Information

- Full Name (as per official identity documents).
- Date of Birth and Age (to determine legal eligibility).
- Contact Details (Current residential address, phone number, email).
- Identity Verification (PAN, Aadhaar, or other government-issued ID for KYC).
- Marital Status and Dependents (for assessing financial obligations).

## 2. Employment and Income Details

- Employment Type (Salaried, self-employed, business owner, professional).
- Employer/Business Details (Company name, address, nature of business).
- Income Information (Gross and net monthly/annual income).
- Income Proof (Salary slips, Form 16, Income Tax Returns, audited statements).

## 3. Financial and Credit History

- Existing Liabilities (Current loans, credit card dues, other obligations).
- Banking Details (Account numbers, IFSC codes, average balance).
- Credit Score Authorization (Consent to fetch reports from credit bureaus).

## 4. Loan Specifics

- Loan Amount (Specific amount requested).
- Loan Purpose (Intended use of funds, e.g., home, vehicle, business).
- Tenure (Preferred repayment period in months or years).
- Moratorium Period (If applicable, period before EMI payments begin).

## 5. Collateral or Security (For Secured Loans)

- Asset Details (Description of property, vehicle, or instruments pledged).
- Valuation (Estimated market value of the collateral).
- Ownership Details (Proof of ownership, existing liens).

## 6. Declarations and Authorizations

- Accuracy Declaration (Confirmation that all information is true and correct).
- Consent for Data Sharing (Authorization to share data with bureaus/regulators).
- Signatures (Physical or digital signatures of applicant/co-applicants).

## Standard Verification Process

- Document Verification: Physical or digital checks of submitted proofs.
- Credit Bureau Check: Analysis of credit report for repayment behavior.
- Field Investigation (FI): Physical visit to residence/workplace if required.
- Legal and Technical Valuation: Verification of titles and collateral valuation.
